www.forestgreenman.com
bornbbwild@shaw.ca

Colourful original expressions of the Okanagan landscape and Provence, France. Visit the studio. A work in progress.
 Open April - October by appointment.
 Please contact me and I will gladly show you around.

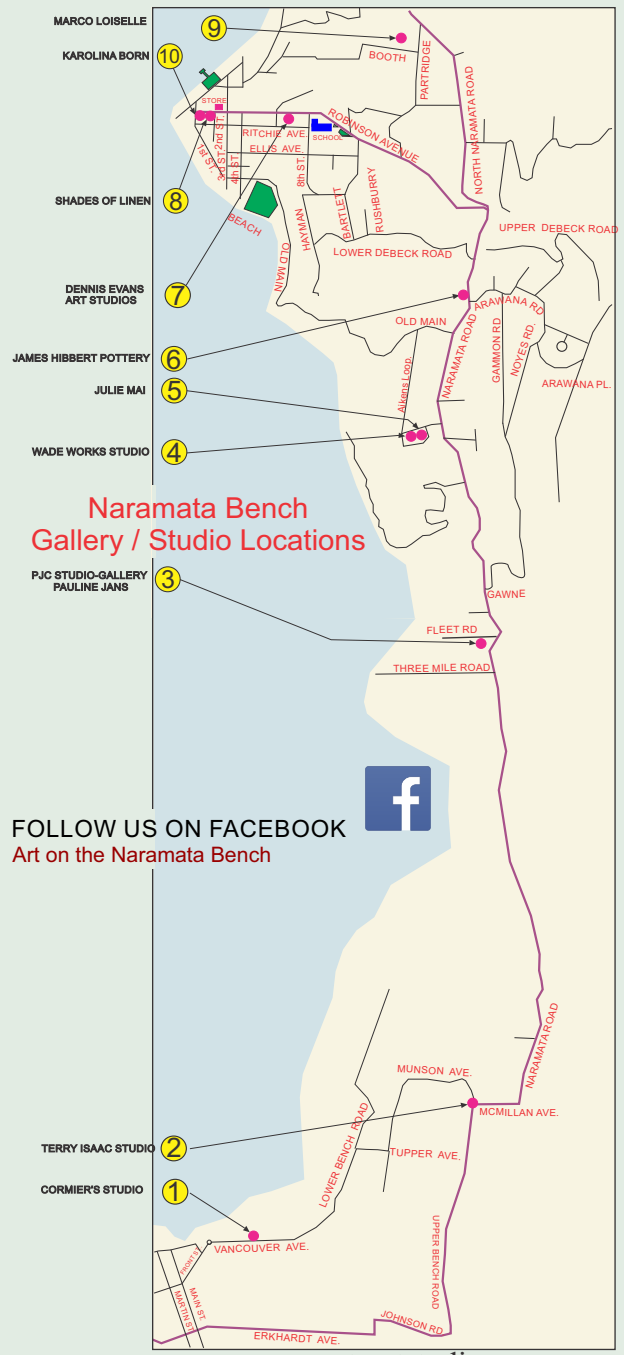

Thank you for joining us on our Naramata Bench Studio Tour. During your self-guided driving tour, you will meet artists who have chosen to live and work in the unique setting that is the Naramata Bench. You will find a tremendous variety in studio sites, you'll see places you didn't know existed, and you might discover a new, favourite artist.

When you've selected the artists you want to visit, circle their numbers on the map, select a starting point, and you're on your way. As you go, consider visiting other studio artists near the ones you've circled. We hope that by touring multiple and diverse studios, you will experience the artistic spirit that exemplifies the Naramata Bench.

Start or expand an art collection through personal connections.

The adventure begins with you!
